GUIDELINES TO THE MODEL EEO PROGRAM

The model EEO program adopted by the Commission for construction permit applicants, assignees, and transferees contains five sections designed to assist the applicant in establishing an effective EEO program for its status. The specific elements which should be addressed are as follows:

I. GENERAL POLICY

The first section of the program should contain a statement by the applicant that it will afford equal employment opportunity in all personnel actions without regard to race, color, religion, national origin or sex, and that it has adopted an EEO program which is designed to fully utilize the skills of qualified persons.

II. RESPONSIBILITY FOR IMPLEMENTATION

This section calls for the name (if known) and title of the officer who will be designated by the applicant to have responsibility for implementing the status's program.

III. POLICY DISSEMINATION

The purpose of this section is to disclose the manner in which the status's EEO policy will be communicated to employees and prospective employees. The applicant's program should indicate whether it: (a) intends to utilize an employment application form which contains a notice informing job applicants that discrimination is prohibited and that persons who believe that they have been discriminated against may notify appropriate governmental agencies; (b) will post a notice which informs job applicants and employees that the applicant is an equal opportunity employer and that they may notify appropriate governmental authorities if they believe that they have been discriminated against; and (c) will seek the cooperation of labor unions, if represented at the status, in the implementation of its EEO program and in the inclusion of non-discrimination provisions in union contracts. The applicant should also set forth any other methods it proposes to utilize in conveying its EEO policy (e.g., orientation materials, on-air announcements, status newsletter to employees and prospective employees).

IV. RECRUITMENT

The applicant should specify the recruitment sources and other techniques it proposes to use to attract qualified job applicants. The purpose of the listing is to assist the applicant in developing specialized referral sources to ensure wide dissemination of vacancy information as job opportunities occur. Sources which subsequently prove to be nonproductive should not be relied on and new sources should be sought.
